12x16 book: \$80.00 / pg

9.5x13 book: \$70.00 / pg

8x12 book: \$60.00 / pg

2 6x8 Parent Editions : \$750

8 4x5 Brag Books: \$750

Your credit is flexible towards purchasing wedding albums and prints, so you can decide what you want your album to look like after you've seen the images and our design concepts. Here are some "for instances" on what different levels of credit can purchase.

- a \$2000 Credit could purchase a 30-page 8x12 Italian album
- a \$4000 Credit could get a 54-page 9.5x13 Italian album
- a \$6000 Credit could get, well, a lot, like...
a 60-page 9.5x13 Italian album, 2 6x8 parent edition albums, and a respectable portrait collection.

Album Predesign

After your wedding, our studio will go through the very involved process of selecting and color correcting your master images. After that we will create your album predesign and present it elegantly on our website for you, your family and your guests to enjoy. This will be your first experience viewing your wedding images - in the context of the story line. We will often predesign as many as 110 pages to give you a full sense of the available images, and what sort of design concepts are possible. After that we collaborate together to get the book to exactly what you want to publish, whether it be 100 pages, thirty or any even number in between.

The Disc of Pictures

The disc of wedding day images and shared copyright release is available for purchase after your album has been finalized. The cost is discounted based upon your final album purchase. Typically it costs between \$400 and \$700* (and can be very inexpensive or even free with larger album purchases).

*Note: Your credit is for wedding album and wedding print purchases, and cannot be applied towards the disc of images.
